TO MY PATIENTS:

It has been my pleasure to care for you and truly an honor that you trusted me to serve as your physician, some more recently but many of you for more years than I wish to count! You are truly in my heart and soul and it is with a heavy heart that I am writing to inform you that I am leaving Suburban Women's Specialists as of the end of May.

The practice of medicine today requires so much administrative detail and time outside the care of the patient. It is very stressful and difficult to balance quality time with family and friends while maintaining the high standard of care that I desire for my patients. So for my family and me, I am heeding the advice I have given many of you and seeking a path of less stress and frenzy.

Please know that Suburban Women's Specialists is a practice committed to your healthcare as well. The caring physicians and staff will assist you with this transition.

Sincerely,

Tina Mason, MD, FACOG
